### About the lecturers Matthias Jacob and Rüdiger Grabosch

Matthias Jacob and Rüdiger Grabosch have been training English speaking Bioresonance therapists since 2011. They both completed their training as licensed naturopaths in Germany in 2005 and have been working in their own clinic since then. Both therapists have trained extensively in different therapy methods, including Bioresonance, Acupuncture, Homoeopathy, Oxygen-Therapies and Flower Essences Therapy, with Bioresonance Therapy as their main therapy method. Their training in Bioresonance Therapy included intense training offered by Regumed, Germany, plus personal training from Sissi Karz and other teachers in the field of Bioresonance. Both Matthias and Rüdiger put great emphasis on the practical aspect of training; particularly on learning how to achieve accurate test results by means of bio-energetic test methods, and then using the findings to create logical and effective therapies.

### Cooperation with the Bioresonance Practitioners Association and with the Turner Clinic

We co-operate with the Bioresonance Practitioners Association (BPA), professional body for Bioresonance Therapy in Great Britain. All seminars will be open for therapists using both the Bicom Optima and Bicom 2000, as well as older devices. The local organizer of our seminars in Ireland is the Turner Clinic, 4 Old Dublin Rd, Stillorgan, Dublin, A94 Y6To. We are grateful to all co-operation partners for their ongoing support.

Seminar Programme

**Practical Workshop Human Medicine (Beginners' Seminar)**

16. – 17. May 2020 (1 ½ days), live video seminar

**Prerequisite:** This training is designed for holistic health practitioners, medical doctors, dentists, veterinarians and other therapists, as well as students and trainees who are in vocational training in order to practice one of these professions.

This workshop is ideal for therapists who have already done the Introductory Seminar with us. However, also new beginners without any previous knowledge can join this workshop. For them, we will offer an extra session in the evening of the first day, to help them better understand the basic knowledge. This extra session is available for an additional fee of € 35.

**Seminar content:** The 1 1/2 days workshop will help you deepen your understanding of the principles and mode of operation of Bioresonance as well as the indications for using this form of therapy. We will work with the Bicom device in practice and an introduction to Tensor and Kinesiology testing, both in theory and practice, is also part of the workshop. You will get a deeper understanding about the fundamental difference between working with patients' own frequency patterns, as opposed to substances' own frequency patterns. A step-by-step guideline on how to be successful with Bicom Bioresonance therapy as a new beginner will complement this with many practical demonstrations.

**Therapy Systematic with Patient's own Frequencies (TPF) and Allergy Treatment**

23. – 25. May 2020 (2 ½ days), live video seminar

**Prerequisite:** Participation in introductory seminar or practical workshop human medicine or similar knowledge.

**Seminar contents:** In this seminar you will learn to develop a specific diagnostic and therapeutic system, to set priorities in the treatment plan and how to identify and address therapy blocks.

**Subjects taught include:** bioenergetic testing; kinesiology \* testing of priorities for the treatment plan \* systematics of the course of treatment, including basic therapy, follow-up therapy with respect to meridians and indications \* diagnosis and treatment of therapy blocks and interference fields, such as scar interference fields, blocks of mandibular joint and hyoid bone, blocks due to electrosmog and geopathic stress, spinal blockages \* testing of remedies \* introduction to bioenergetic / biophysical diagnosis and treatment of allergies \* pain therapy \* pre- and post-operative care, also with respect to dental procedure \* therapy with body's own substances \* use of Bicom minerals, oils, chips and other substances \* many practical demonstrations

## Seminar on Detoxification, Acid Base Balance, Kidney, Bladder, Reproductive System, and Skin

30. - 31. May 2020 (1 ½ days), live video seminar

**Prerequisite:** Participation in Introductory Seminar or Practical Workshop Human Medicine and one more seminar.

**Seminar goals:** In this seminar you will attain a deeper understanding about the different detoxification mechanisms of the human body as well as the acid base balance, and how to support them in a healthy way with Bioresonance and other naturopathic therapies. You will also learn about the healthy function as well as diseases and their treatment with Bioresonance Therapy of kidney, bladder, the reproductive system and the skin.

**Subjects taught include:** Different approaches for detoxification therapies \* Understanding the acid base balance of the human body and its effects on different organ systems and control loops \* Amalgam cleanup \* Understanding the water balance of the human body \* Treatment of kidney and bladder diseases with Bioresonance Therapy \* Diseases of the human reproductive system and their treatment \* Fertility disorders and their correction \* Bladder and urinary tract diseases and their treatment \* Maintaining health of female breasts as well as prostate. \* Supporting the skin in its healthy function as a detox organ \* Treatment of skin diseases \* many practical demonstrations

## Nutrient Point Seminar

01. June 2020 (1 day), live video seminar

**Prerequisite:** Participation in Introductory Seminar or Practical Workshop Human Medicine and one more seminar.

**Seminar goals:** In this seminar we will intensely work with the Nutrient Points according to Sissi Karz. This includes: \* identifying lacks of vitamins, minerals, trace elements, amino acids and fatty acids in our patient's body via the Nutrient Points and their treatment \* identifying disorders in our nutrient metabolism and their treatment \* treatment via the superior tissue points \* understanding the significance of each Nutrient Point and the related substance \* finding the exact location of each Nutrient Point \* new hope for patients suffering from cachexia due to tumour disease or any other serious illness through effective use of the Nutrient Points

## GEO Safe Seminar (for repeaters only, free of charge)

02. June 2020 (1 days), live video seminar

**Background:** A sleeping place area or workplace with toxic radiation can block any therapy. A neutralization individually adapted to that place can stabilize the positive effects of your therapy and lead to more rapid therapy success.

**Seminar contents:** Examination of electrosmog and geopathic zones \* deepening your skills to neutralize harmful radiation.

**Projected Schedule:** Harmful radiation in our daily surroundings \* Mental conditioning before doing dowsing work \* Theoretical information on E-Smog and wireless (radio) including High-Frequency \* Working with measuring systems \* Theory in neutralisation systems and individual frequency adaptation \* Kinesiology in theory and practice \* Practical work with Geo-Safe-E® \* Remote work with Geo-Safe-E® \* Time for repeating the practical work and for questions

Glendalough, County Wicklow, is a Natural Reserve Area close to Dublin, Ireland. Our september 2020 seminars are scheduled to take place in that area.

**For a detailed description of the contents of each seminar, please consult our website [www.bioresonance.training](http://www.bioresonance.training).**
