About the lecturers Matthias Jacob and Rüdiger Grabosch

Matthias Jacob and Rüdiger Grabosch have been training English speaking Bioresonance therapists since 2011. They both completed their training as licensed naturopaths in Germany in 2005 and have been working in their own clinic since then. Both therapists have trained extensively in different therapy methods, including Bioresonance, Acupuncture, Homeopathy, Oxygen-Therapies and Flower Essences Therapy, with Bioresonance Therapy as their main therapy method. Their training in Bioresonance Therapy included intense training offered by Regumed, Germany, plus personal training from Sissi Karz and other teachers in the field of Bioresonance. Both Matthias and Rüdiger put great emphasis on the practical aspect of training; particularly on learning how to achieve accurate test results by means of bio-energetic test methods, and then using the findings to create logical and effective therapies.

Cooperation with the Bioresonance Practitioners Association and with the Turner Clinic

We co-operate with the Bioresonance Practitioners Association (BPA), professional body for Bioresonance Therapy in Great Britain. All seminars will be open for therapists using both the Bicom Optima and Bicom 2000, as well as older devices. The local organizer of our seminars in Ireland is the Turner Clinic, 4 Old Dublin Rd, Stillorgan, Dublin, A94 Y6To. We are grateful to all co-operation partners for their ongoing support. Our seminars in Ireland are currently suspended due to the world crisis and travel restrictions.

Seminar on the Therapy Systematic with Patient's own Frequencies (TPF) and Allergy Treatment

19. – 21. Feb. 2021 (2 1/2 days), live video seminar

Prerequisite: Participation in introductory seminar or similar knowledge.

Seminar contents: In this seminar you will learn to develop a specific diagnostic and therapeutic system, to set priorities in the treatment plan and how to identify and address therapy blocks.

Subjects taught include: bioenergetic testing; kinesiology * testing of priorities for the treatment plan * systematics of the course of treatment, including basic therapy, follow-up therapy with respect to meridians and indications * diagnosis and treatment of therapy blocks and interference fields, such as scar interference fields, blocks of mandibular joint and hyoid bone, blocks due to electrosmog and geopathic stress, spinal blockages * testing of remedies * introduction to bioenergetic / biophysical diagnosis and treatment of allergies * pain therapy * pre- and post-operative care, also with respect to dental procedure * therapy with body's own substances * use of Bicom minerals, oils, chips and other substances * many practical demonstrations

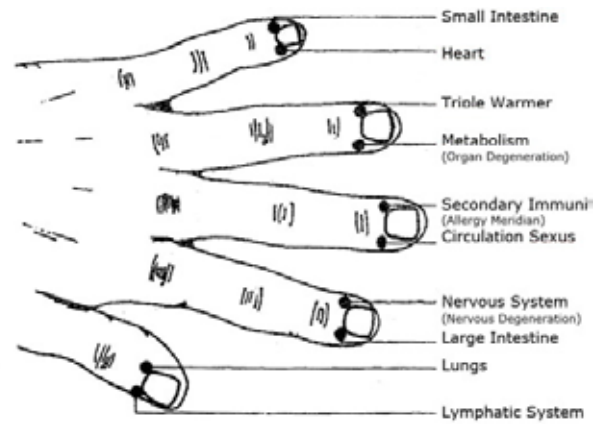

Seminar on Using Test and Therapy Ampoules including Introduction to the Five Element Theory

27. – 28. Feb. 2021 (2 days), live video seminar

Prerequisite: Participation in introductory seminar and one more seminar, or similar knowledge.

Seminar goals: In this seminar you will learn the confident use of test and therapy ampoules. This includes the test kits of the BICOM Combined Test Technique (CTT) made by Regumed, as well as the Saint Pantaleimon Ampoules. You will gain an understanding of the underlying therapy systematics, thus being able to perform a profound and reliable diagnosis as well as a causal and in-depth treatment.

Subjects taught include: how to use Test Kits for diagnosis and therapy * the five element theory * the five response levels * giving supportive therapy with ampoules * quick finding and treatment of central allergens and background stressors in allergic patients * how to find and treat stressors such as fungus, bacteria and viruses * how to find and treat vaccination stresses * uncovering and treatment of stresses through different environmental toxins * uncovering and treatment of therapy blocks * stabilizing therapy according to 5 element theory * which therapy steps can be combined, thereby saving time * many practical exercises

Seminar on the Nutrient Points according to Sissi Karz and Single Frequency Training

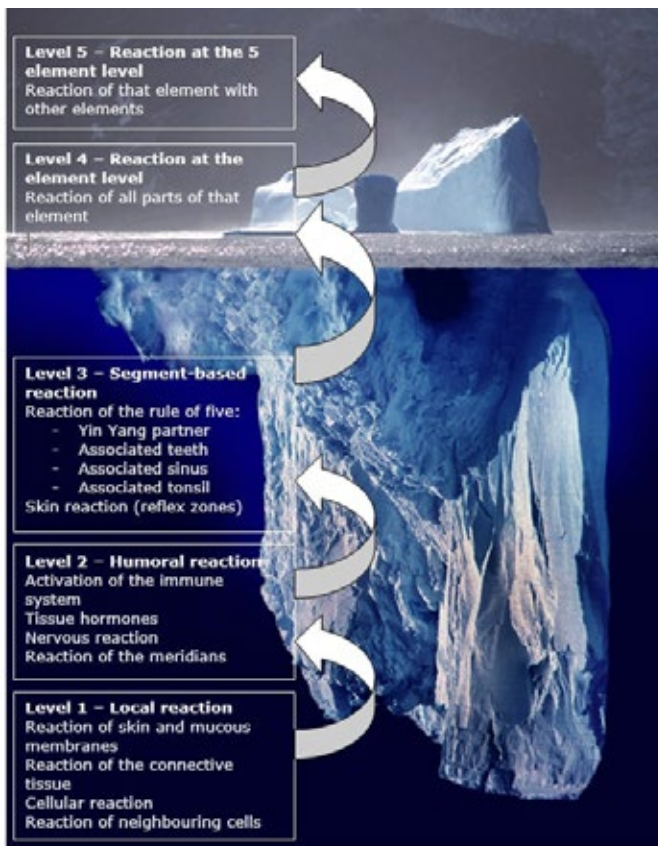

26. – 28. March 2021 (2 ½ days), live video seminar

Prerequisite: Participation in Introductory Seminar and one more seminar, or similar knowledge

Seminar goals: In this seminar we will intensely work with the Nutrient Points according to Sissi Karz and with single frequencies. This includes **for part 1 (Nutrient Points):** * identifying lacks of vitamins, minerals, trace elements, amino acids and fatty acids in our patient's body via the Nutrient Points and their treatment * identifying disorders in our nutrient metabolism and their treatment * treatment via the superior tissue points * understanding the significance of each Nutrient Point and the related substance * finding the exact location of each Nutrient Point * new hope for patients suffering from cachexia due to tumour disease or any other serious illness through effective use of the Nutrient Points

For part 2 (single frequency training): * techniques of finding a single frequency with both pulse and tensor testing * testing for the optimal programme with the frequency list * treating patients for environmental stresses with a single frequency * spinal treatment with a single frequency and by using several bicom chips * removing stress with a single frequency in the first therapy session to prepare for further in-depth treatment * using single frequencies for the treatment of allergies, pathogens and other stubborn stressors.
