

Biorresonancia BICOM ® / THERA Wellness
Introductory Seminar
Mexico City

**Introductory Seminar on Bioresonance Therapy,
with an introduction to Tensor and Kinesiology testing included (In-Person seminar)**
This bilingual seminar has a limited number of participants and will be held in English
with simultaneous translation to Spanish

Prerequisite: This training is designed for holistic healthpractitioners, medical doctors, dentists, veterinarians and other therapists, as well as students and trainees who are in vocational training in order to practice one of these professions.

Subjects taught include: Subjects taught include: The 2 1/2 days introductory seminar provides a detailed overview of the principles and mode of operation of Bioresonance as well as the indications for this form of therapy. In addition, attendees will have the opportunity to practically work with the Bicom device. Subjects covered include naturopathic principles as an important foundation of Bioresonance Therapy, basic therapy and indication-related therapy. This seminar involves intense practical work with the bioenergetic test methods Tensor and Kinesiology. You will learn how to achieve accurate test results and then use the findings to create a coherent and effective individual therapy plan for the patient. Many practical exercises / demonstrations are included as part of this intense seminar, allowing you to successfully integrate the principles into your daily routine.
