About the lecturers Matthias Jacob and Rüdiger Grabosch

Matthias Jacob and Rüdiger Grabosch have been training English speaking Bioresonance therapists since 2011. They both completed their training as licensed Naturopaths in Germany in 2005, and have been working in their own clinic for 15 years.

Both therapists have extensive knowledge and experience in different therapy methods, including Bioresonance, Acupuncture, Homoeopathy, Oxygen-Therapies and Flower Essences Therapy, with Bioresonance Therapy as their main therapy method. Since 2021, they have devoted themselves completely to research and teaching in the field of Bioresonance therapy and naturopathy. Both Matthias and Rüdiger put great emphasis on the practical aspect of training; particularly on learning how to achieve accurate test results by means of bio-energetic test methods, and then using the findings to create a coherent and effective individual therapy plan for the patient.

Cooperation with Regumed, Thera Wellness and the Bioresonance Practitioners Association

We co-operate with the Bioresonance Practitioners Association (BPA), professional body for Bioresonance Therapy in Great Britain, as well as with Regumed, Germany and Thera Wellness, manufacturers of the BICOM bioresonance device and Thera wellness device. We are grateful to our co-operation partners for their ongoing support. All seminars will be open for therapists using the Bicom Optima, Thera wellness device and Bicom 2000, as well as older devices from Regumed.
