### About the lecturers Matthias Jacob and Rüdiger Grabosch

Matthias Jacob and Rüdiger Grabosch have been training English speaking Bioresonance therapists since 2011. They both completed their training as licensed Naturopaths in Germany in 2005, and have been working in their own clinic for 15 years.

Both therapists have extensive knowledge and experience in different therapy methods, including Bioresonance, Acupuncture, Homoeopathy, Oxygen-Therapies and Flower Essences Therapy, with Bioresonance Therapy as their main therapy method. Since 2021, they have devoted themselves completely to research and teaching in the field of Bioresonance therapy and naturopathy. Both Matthias and Rüdiger put great emphasis on the practical aspect of training; particularly on learning how to achieve accurate test results by means of bio-energetic test methods, and then using the findings to create a coherent and effective individual therapy plan for the patient.

### Cooperation with Regumed, Thera Wellness and the Bioresonance Practitioners Association

We co-operate with the Bioresonance Practitioners Association (BPA), professional body for Bioresonance Therapy in Great Britain, as well as with Regumed, Germany and Thera Wellness, manufacturers of the BICOM bioresonance device and Thera wellness device. We are grateful to our co-operation partners for their ongoing support. All seminars will be open for therapists using the Bicom Optima, Thera wellness device and Bicom 2000, as well as older devices from Regumed.

## **Beginners' Seminar on Using the BICOM Optima bioresonance device and THERA Wellness device**

Basic therapeutic steps explained and demonstrated with practical exercises, including working with therapy with Patient's own Frequencies (TPF), using test- and therapy ampoules, and an introduction to the Nutrient Points according to Sissi Karz

26.-28. Sept. 2025 (2 1/2 Days), live video seminar

**Prerequisite:** This training is designed for holistic health practitioners, medical doctors, dentists, veterinarians and other therapists, as well as students and trainees who are in vocational training in order to practice one of these professions, and have already done the introductory seminar with us, or similar knowledge

**Subjects taught include:** The 2 1/2 days intensive practical seminar provides a detailed overview of the principles and mode of operation of Bioresonance as well as the indications for this form of therapy. In addition, attendees will have the opportunity to practically work with the Bicom device and / or THERA wellness device. Subjects taught include: basic therapy and indication-related therapy, intense practical work with the bioenergetic test methods Tensor and Kinesiology, how to achieve accurate test results and then use the findings to create a coherent and effective individual therapy plan for the patient. Successful work with test- and therapy ampoules. Many practical exercises / demonstrations are included as part of this intense seminar, allowing you to successfully integrate the principles into your daily routine.

## Seminar on the Bioenergetic Test Methods:

18.-19. Oct. 2025 (2 days)

### Prerequisite:

Participation in introductory seminar / beginners seminar or similar knowledge.

### Seminar content:

This seminar includes working with the tensor as a test tool, as well as working with kinesiology. Finding blocks and identifying mistakes that prevent the therapist from successfully applying these test methods in their daily routine. Using the puls test to detect single frequencies and other device parameter. How to test teeth, determining their need for therapy and testing priorities for subsequent treatment with the purpose of stabilizing them and reducing focal effects in the body. How to test the spine for weak areas and their subsequent stabilization. Testing the spin direction of bodily secretions and excretions and other test objects and determining their use for the therapies.

## Seminar on helpful Therapies for Cancer Patients

25.-26. Oct. 2025 (2 Days)

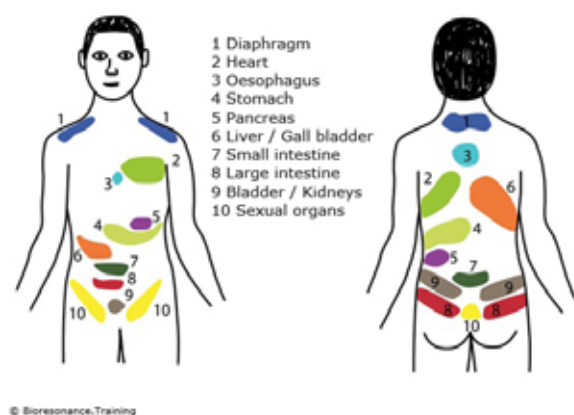

### Prerequisite:

Participation in introductory seminar and two more seminars, or similar knowledge.

### Seminar content:

In this seminar you will acquire the know ledge and expertise necessary to treat tumor diseases with confidence in a way that complements conventional medical therapy within the framework of a holistic treatment plan. Subjects taught include: The phenomenon of apoptosis \* Shock as an important cause of tumor \* Finding couplings of the tumor with bio-energetic testing \* diagnostic steps \* basic thera pies \* shock treatment \* procedure without surgery \* procedure after surgery \* procedure during radiation therapy \* procedure during chemotherapy \* use of test ampoulese.

## Seminar on effectively treating colds and flu-like diseases

22. – 23. November 2025 (1 1/2 days)

### Prerequisite:

Participation in introductory seminar and one more seminar, or similar knowledge.

### Seminar content:

Seminar content: In this seminar you will learn to effectively treat colds and flu-like diseases. This includes identifying pathogens and toxins, such as: viruses, bacteria, tick bite and insect bite related agents, artificial lab-made agents, environmental toxins and foreign energies. Not only will you learn how to work with these stressors and neutralize their detrimental effect on the human body, but also how to stabilize the immune system and the body's own regulatory circuits making us strong and able to withstand them. This seminar also includes single frequency work. We will use environmental toxins to find weak areas of the human regulatory system and directly stabilize them with the appropriate single frequency.

## Seminar on the Intestine, Healthy Flora / Dysbiosis, Leaky Gut, Fungus, Parasites and related subjects

17.-18. Jan. 2026 (1 1/2 days)

### Prerequisite:

Participation in Introductory Seminar. or similar knowledge

### Subjects taught include:

Physiological functions of the intestine \* The importance of a healthy intestinal flora for the human immune system \* "Death is found in the intestines" (Paracelsus) – In other words: Health is only possible when the intestines are healthy \* The role of diet and lifestyle \* The root of leaky gut syndrome and therapy options \* Diagnosis and treatment of mycosis \* Diagnosis and treatment of parasites \* Detoxification therapies via the intestine
